Professional Experience

Senior Power BI Developer | TechNova Solutions Pvt. Ltd.

Contract | BI Modernization Program Nov 2025 - Present

- Optimized report queries, relationships, and measures, improving dashboard load performance by 40%.
- Configured Power BI Service refresh schedules, workspace access, and row-level security for business teams.
- Partnered with HR stakeholders to gather requirements, validate calculations, and deliver actionable KPI scorecards.
- Delivered UAT support, reconciled dashboard totals with source systems, and managed production report releases.

BI Developer | CloudMetric Solutions

Full-time | Business Analytics COE Aug 2022 - Jun 2024

- Built 18+ Power BI dashboards using data from Azure Synapse, improving recurring reporting turnaround by 30%.
- Configured Power BI Service refresh schedules, workspace access, and row-level security for business teams.
- Delivered UAT support, reconciled dashboard totals with source systems, and managed production report releases.
- Partnered with Finance stakeholders to gather requirements, validate calculations, and deliver actionable KPI scorecards.

Key Projects

Retail Revenue Analytics Suite

| Power BI | Azure SQL | DAX

Built sales, inventory, and margin dashboards for retail leadership with drill-through pages by region, store, category, and sales channel.

Customer Churn Insights Model

| Power BI | Python | SQL Server

Prepared customer datasets and designed executive dashboards showing churn indicators, revenue leakage, and segment-level retention actions.

Manufacturing Quality Analytics

| Power BI | SQL Server | Power Query

Delivered quality, rejection, downtime, and production dashboards with plant-level filters and root-cause views for process owners.
