Professional Summary

Power BI Developer with 2+ years of experience building dashboards, semantic models, and reporting solutions across HR, finance, and leadership teams. Skilled in Power BI Desktop & Service, DAX & Power Query (M), SQL Server (T-SQL), Azure Data Services, requirement analysis, and stakeholder communication.

Core Technical Skills

Power BI Desktop & Service	DAX & Power Query (M)	SQL Server (T-SQL)
Azure Data Services	Data Modelling (Star Schema)	SSIS / SSAS / SSRS
Power BI Gateway	Paginated Reports	Row-Level Security (RLS)

Professional Experience

Power BI Developer | QuantEdge Analytics

Full-time | Enterprise Reporting Apr 2023 - Present

- Prepared report documentation, metric definitions, and user guides to improve adoption across Finance teams.
- Partnered with Finance stakeholders to gather requirements, validate calculations, and deliver actionable KPI scorecards.
- Developed T-SQL stored procedures, CTEs, and reporting datasets for faster Power BI and SSRS consumption.
- Built 18+ Power BI dashboards using data from Azure SQL, improving recurring reporting turnaround by 30%.

MIS Analyst | DataBridge Systems

Contract | BI Modernization Program Jun 2022 - Dec 2022

- Created Power Query transformations and SQL views that reduced manual data preparation effort for 250+ users.
- Redesigned ETL workflows and validation checks, reducing data refresh failures and cutting processing time by 25%.
- Designed semantic data models and reusable DAX measures for Customer Success KPIs, improving consistency across business reports.
- Partnered with Customer Success stakeholders to gather requirements, validate calculations, and deliver actionable KPI scorecards.

Key Projects

Executive KPI Scorecard

| Power BI | SSAS | DAX

Designed a leadership scorecard with KPI thresholds, trend indicators, and automated refreshes for monthly business review meetings.

Claims Reporting Modernization

| Power BI | SSRS | SQL Server

Migrated legacy Excel and SSRS reports into interactive Power BI dashboards with validated measures and governed access controls.

Manufacturing Quality Analytics

| Power BI | SQL Server | Power Query

Delivered quality, rejection, downtime, and production dashboards with plant-level filters and root-cause views for process owners.

Education

Bachelor of Science - Computer Science 2016 - 2020

University of Mumbai

Certifications

- Excel Power Pivot and Power Query Certification
- Microsoft Certified: Azure Data Fundamentals (DP-900)
- Microsoft Certified: Power BI Data Analyst Associate (PL-300)

Additional Skills & Tools

Data Platforms: SQL Server 2016/2019, Azure Synapse Analytics, Azure SQL Database, Azure Data Factory

Documentation: Data dictionaries, report catalogs, user guides, release notes

Quality: Report validation, reconciliation, UAT support, stakeholder sign-off

Analytics: KPI design, variance analysis, forecasting support, executive scorecards

Productivity: Advanced Excel, Power Pivot, SharePoint, Teams, Jira
